

IFA Rotorion – Powertrain belongs to IFA Rotorion – Holding GmbH, one of the leading suppliers of subassemblies for the automotive industry, offering each client unique and customised solutions. We cooperate with such leading automotive companies as Daimler, VW, BMW, GM, Chrysler, Audi, Porsche, Ford and Ferrari. We supply what is the best.

The passion, commitment to work and ideas of our 2300 employees constitute a basis for our innovations and modern technologies. Thanks to this, we help to shape the future of the automotive industry and are able to react to our customers' future needs.

As IFA Rotorion – Holding GmbH we conduct business activities in Germany (with the headquarters in Haldensleben) and USA – in Charleston, and Asia – in Shanghai.

In connection with our further development, we are building a production plant in Poland – in the community of Ujazd in the Opolskie voivodship.

IFA Powertrain Polska will manufacture propshafts for the Daimler Group.

Quality Controller

Place of work: Zimna Wódka/community of Ujazd

The key responsibilities at this position are the following:

- performance of measurements in the laboratory,
- final control and release of products in accordance with customers' requirements,
- inspection of defective parts,
- recording of control results in SAP and quality control documentation,
- audits of shipments and products,
- verification and acceptance of final machining.

From candidates, we expect the following:

- secondary education, specialisation in metrology will be an advantage,
- experience in a quality department of an automotive or related company will be an advantage,
- ability to read technical drawings,
- practical knowledge of quality management tools and the MS Office package (Word, Excel, PowerPoint),
- analytical approach and ability to deal with large quantities of data,
- effective ability to communicate in German and/or English, including ability to read technical documentation,
- self-reliance and independence,
- readiness to deal with many tasks simultaneously.

Would you like to participate in building this organisation from scratch and acquire new skills and qualifications? Is mutual respect among employees as important for you as stability of employment in a reputable company?

If so, why don't you join us?

At the beginning we offer: a contract of employment, a basic salary and private medical care.
